## ADVANCED STORE

Select some basic styles from the options below, & let us know if you are looking for something more or a little unique

Chat with us about logos and custom details. Set-up costs apply to advanced stores.

Promote your store so everyone gets a change to grab some sweet gear

Pick up your store orders & get it to your happy team, club or organization!

## Lets get started.

Stores are a great way to organize and promote team, company and organization swag. Once set-up your store will provide product, personalization, sizing and payment information right to the individuals who need it.

**BASIC STORE.** Here's what we need to get started:

Select up to 4 styles from our [basic store online](#). Youth & adult options are one style. Pricing on our basic store is set-up to give you an idea of what items would cost with a 2 colour screen printed logo. There are other options for logos, and we are happy to get you custom pricing. [Click here to review the options.](#)

Stores need to achieve a min of 24 pieces sold per design & style category. ie. 24 shirts, 24 sweatpants, 24 hats etc

If minimums are not met customers will be contacted and refunds will be issued. Store deposits will not be refunded.

\$50 deposit required - refundable if store minimum are met for all product categories.

Have a chat with us with email, phone or in person about your custom logo, personalization options, store closing and order pick-up dates.

**We also have a fundraiser option.** A percentage of sales can come back to you to raise money for your fundraising goals. Let us know if you're interested and we can set up your store accordingly.

Now, get the word out! Promoting the store to your team, company or organization is key to a successful store.

## **ADVANCED STORE:**

The advanced store runs the same as the basic, but you can customize your store items to anything in our smokescreen catalogues. [Browse our website](#), or contact us for suggestions.

Advanced store items have a non refundable set-up fee of \$15/item.
